

**MIMXRT1064-EVK**

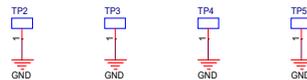

# Main Power

# Board Mounting Holes

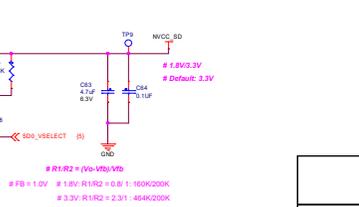

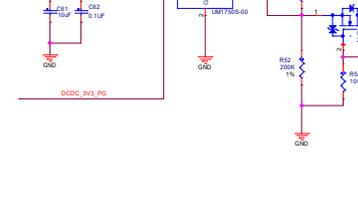

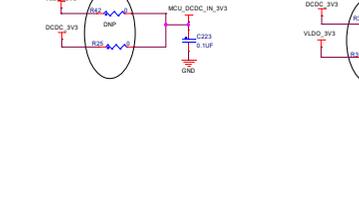

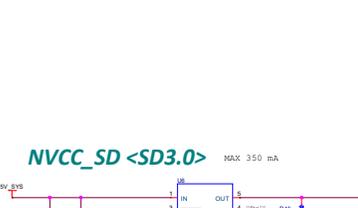

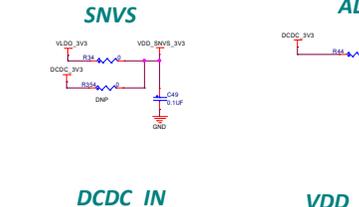

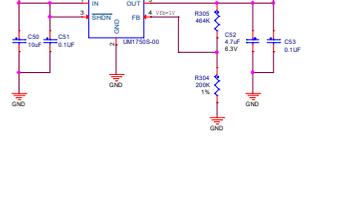

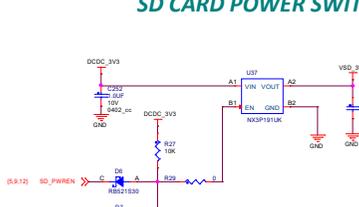

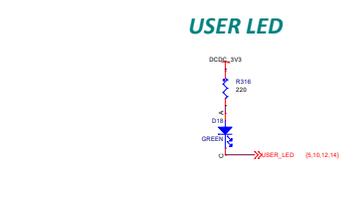

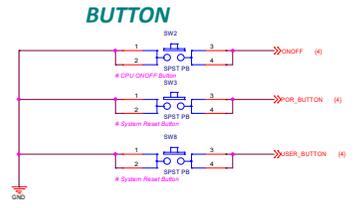

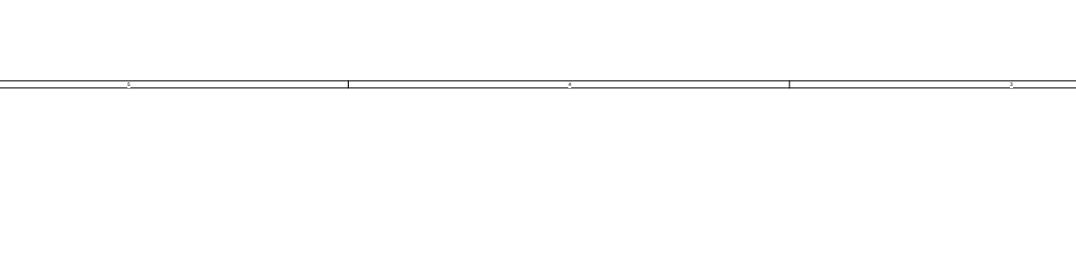

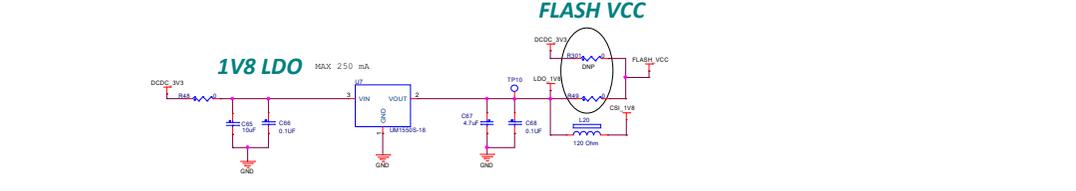

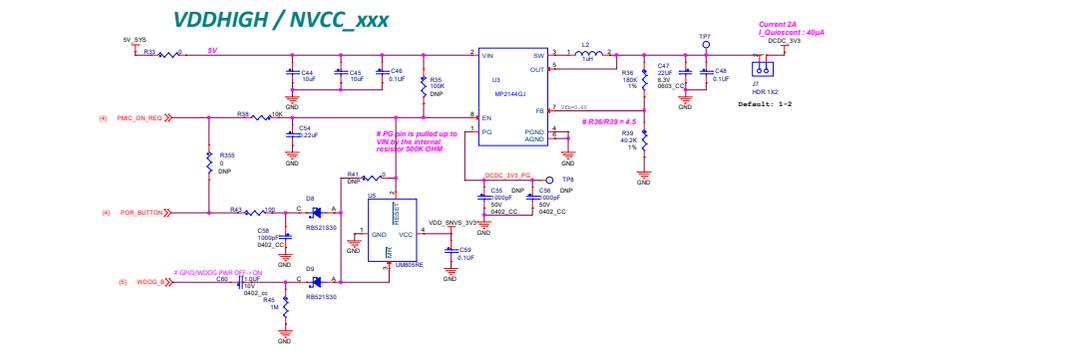

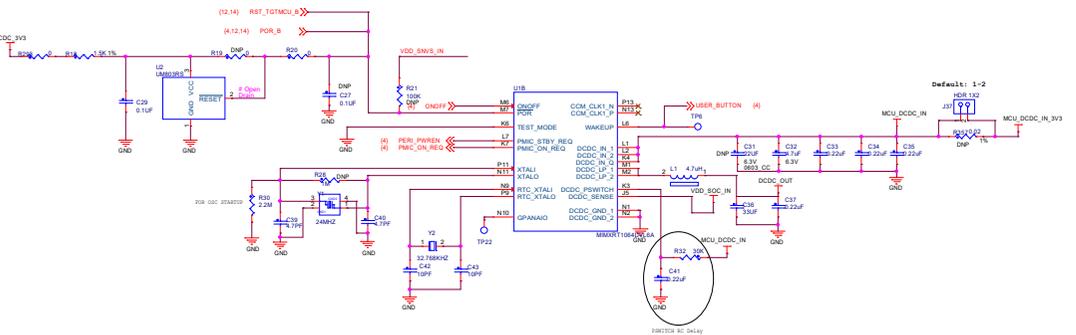

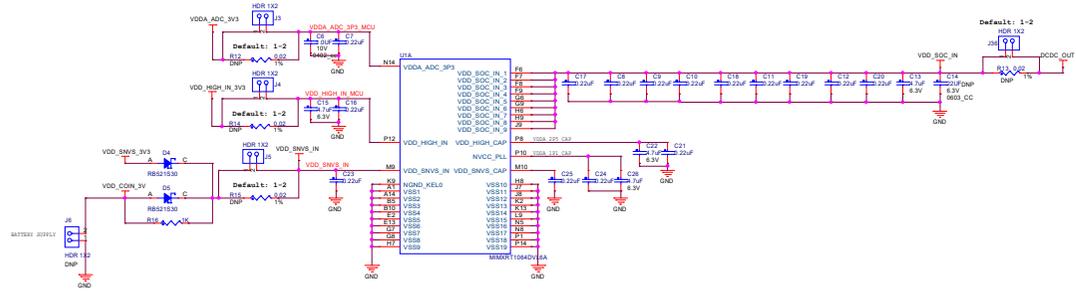

# Ground TPs

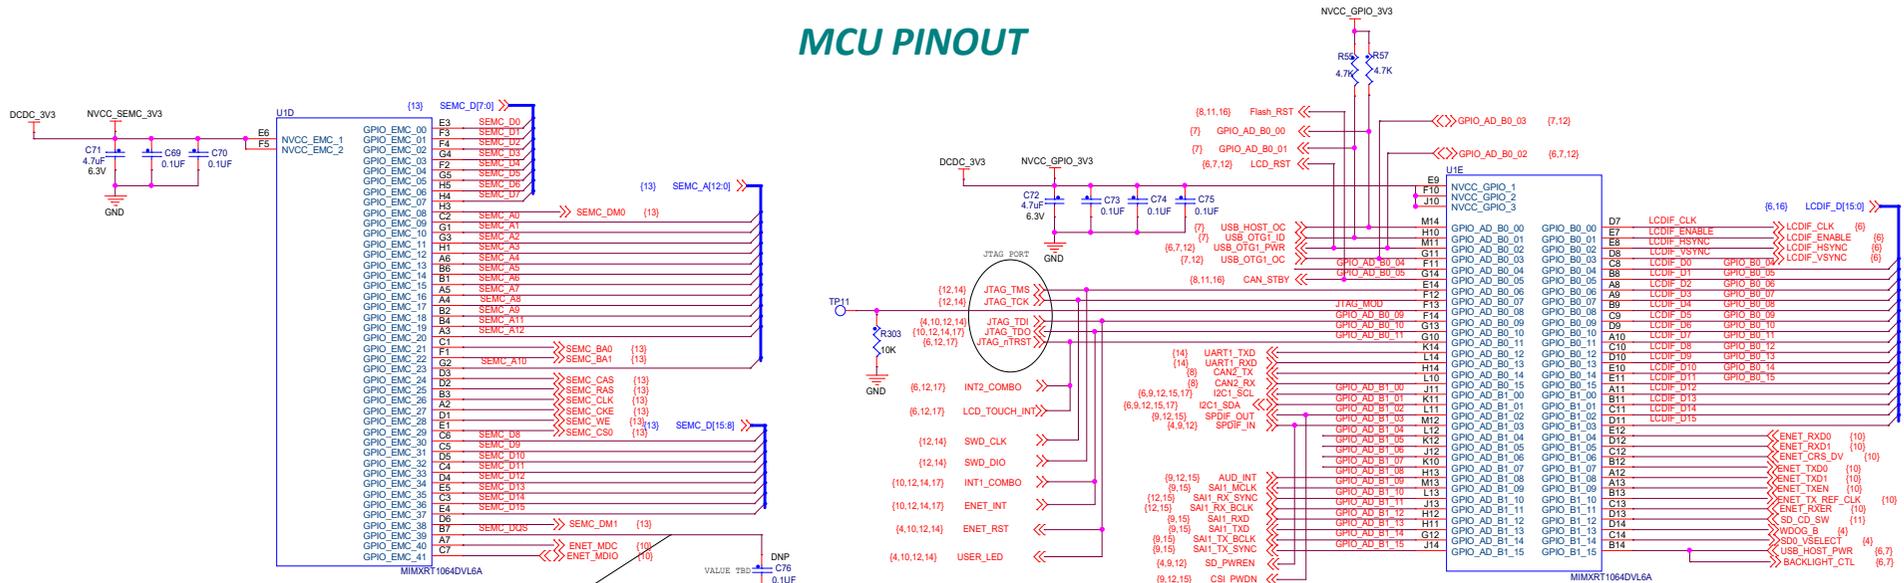

Layout Note: Place Ground TPs to assist signal measurement.

ICAP Classification: CP: IUC: X PUBI:

## Backlight Control

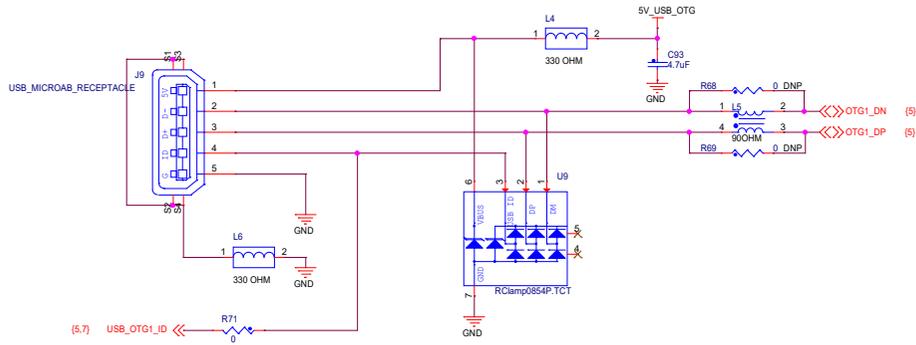

Note:  
If you use LCD module for Rev A, need to change C88 to 2.2uf/35V or 1.0uf/35V to ensure the backlight control circuits working normally.

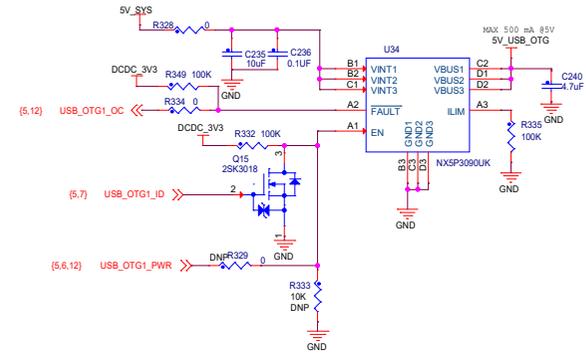

## LCD CON

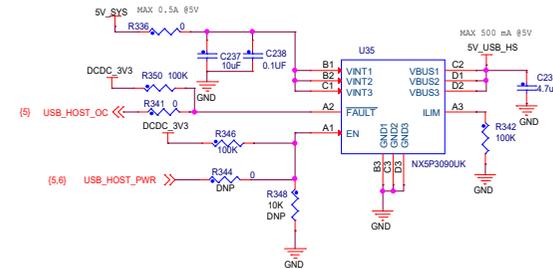

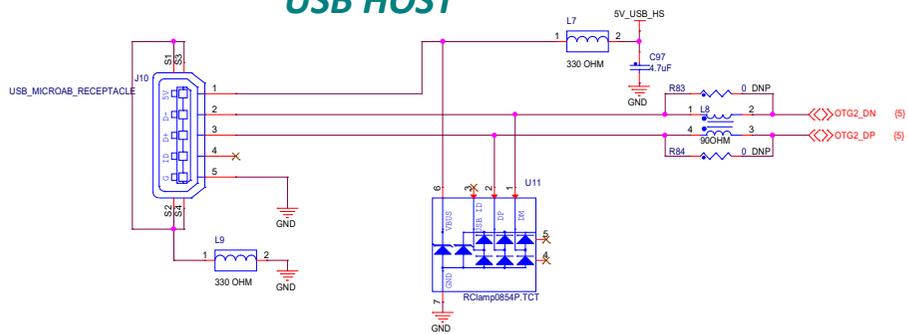

## USB OTG

## USB POWER

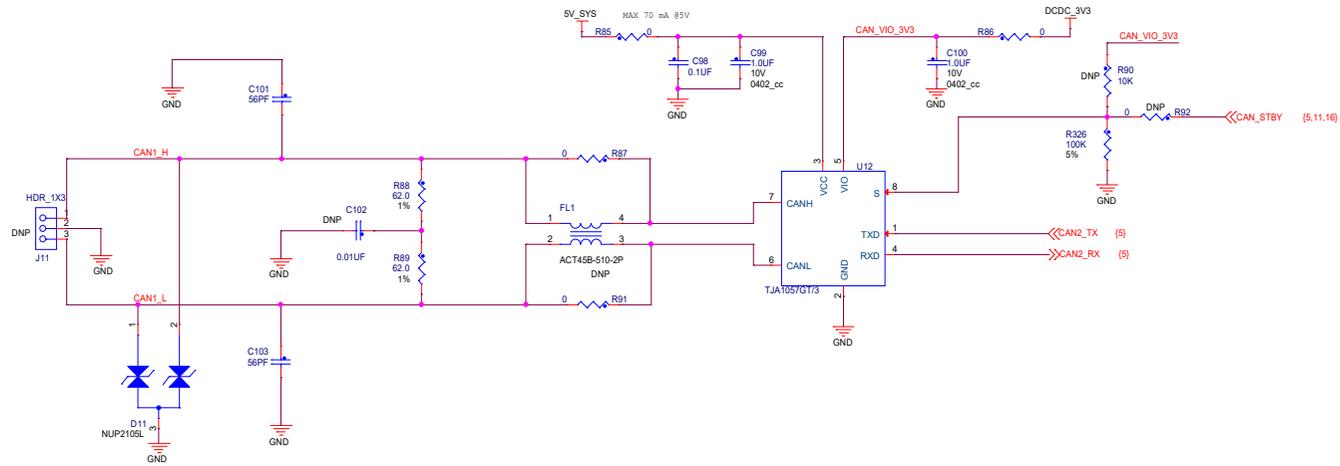

## USB HOST
